MacHeist is offering a bundle of five Mac apps - including the possibility of getting two more free - for \$19.99. The event lasts for six more days and they're raising cash for charity, as well, so that's a good thing.

You can get **MacJournal**, **Riplt**, **Clips**, **CoverScout**, **Flow**. If enough people order, you then get **Tales of Monkey Island** and **RapidWeaver**.

Twenty five percent of the purchase goes to a charity of your choice. I just ordered mine so I can get **MacJournal**, which looks cool.
