Benefit from Tomorrow's Technology Innovations.

Paid upgrades are now a thing of the past. As a subscriber to the equinux Protection Plan you'll receive all upgrades, updates and patches at no charge for the duration of your subscription.

You will not only have access to the latest upgrades before anyone else, you will get them before they are officially released to the public. With the equinux Protection Plan, you can rollout and update the Macs in your organization before any one realizes they were out of date.

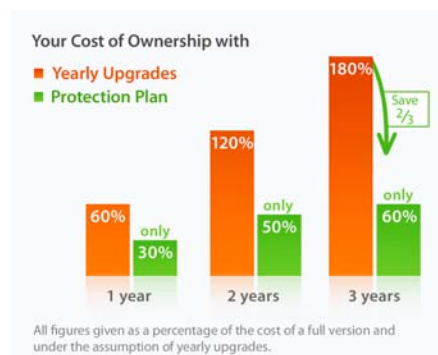

The important details at a glance

- ✓ All upgrades, updates and patches included
- ✓ Lower your administrative overhead
- ✓ More easily control budgets
- ✓ Simplify your software distribution
- ✓ Priority Download Service
- ✓ Special access to beta releases

Drop your cost of ownership up to 66%

The Protection Plan will save you up to 66% compared to the regular cost of yearly VPN Tracker Upgrades. Get your Protection Plan when you make your full version purchase and you can extend your Protection Plan at any time while

your subscription is active. The longer your subscription, the lower your yearly total cost of ownership will be.

Here are the conditions

- The Protection Plan can be added to the purchase of any full or upgrade software product. Purchase of the equinux Protection Plan after the initial product or upgrade purchase will be subject to different conditions.
- The duration of the Protection Plan begins the day of purchase and is valid for 12, 24 or 36 months from the original purchase date.
- Extending or renewing the Protection Plan can only be done while the subscription is active. Extensions and renewals will automatically begin the day the current subscription expires regardless of the purchase date.
