Step 3

Accept team invitation

- You will now be redirected back to the original web page
- You should be able to see your invitation in the overview
- Click on the gold button “Accept invitation” to join the team

The screenshot shows the Equinix VPN Tracker 365 web interface. The top navigation bar includes the Equinix logo and the user's name, Rosa Lawson. The left sidebar contains navigation links: Teams, My Subscriptions, Invoices, Active Devices, Personal Safe, Support, and Downloads. The main content area is titled "Team invitation" and displays a message: "You have been invited to join the team SecureCorp." Below this message is a table with the following data:

	Role	Team	
Rosa Lawson	Member	SecureCorp	Accept invitation

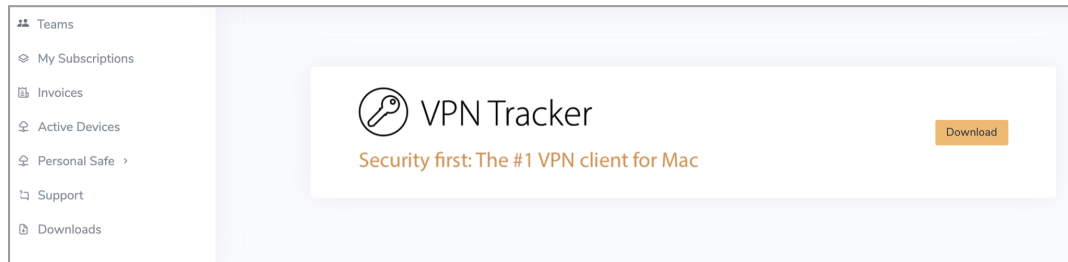

The "Accept invitation" button is highlighted with a red box. At the bottom of the main content area, there is a link: "Switch to a different account".

Step 4

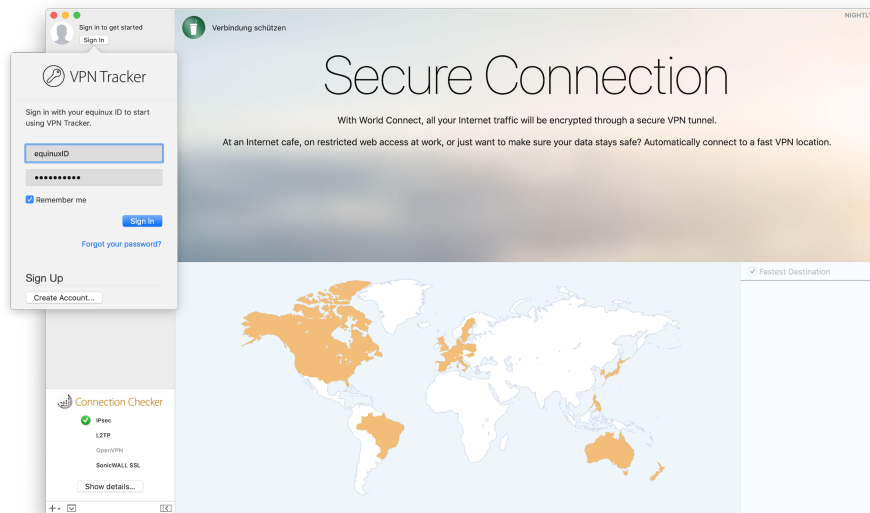

Download VPN Tracker

VPN Tracker is available for macOS and iOS.

You can now download **VPN Tracker 365 for Mac** using the direct download link at my.vpntracker.com:

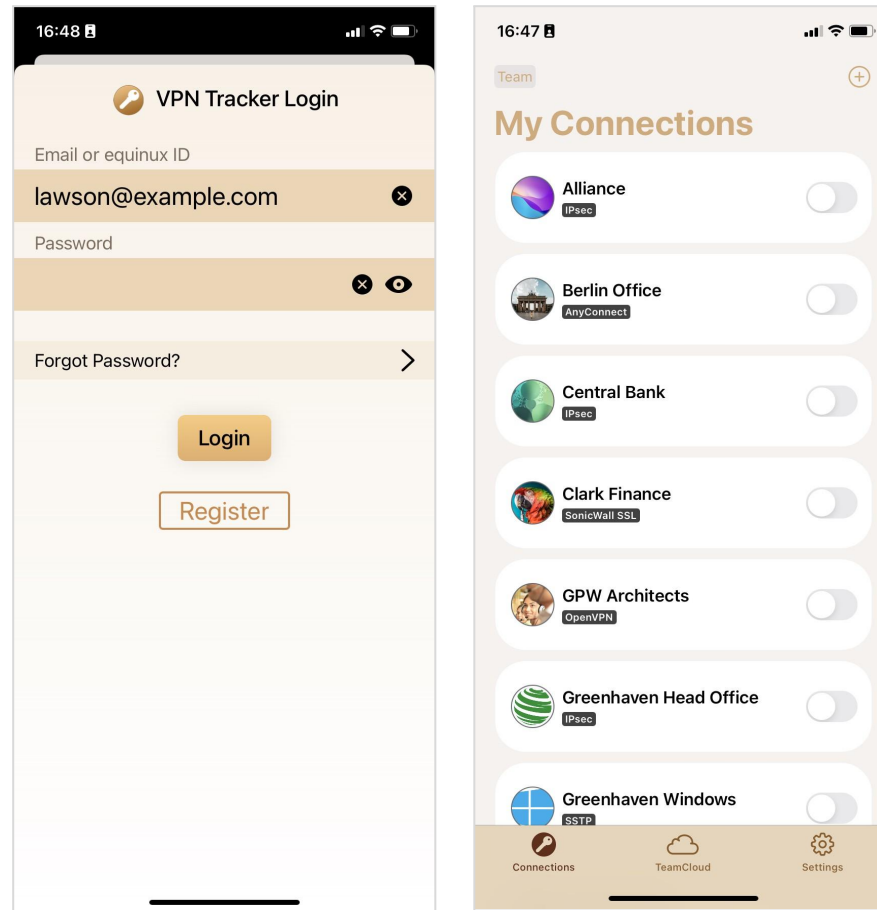

Once the app has downloaded, move it to your Applications folder and log in with your new user account.

You can download **VPN Tracker for iOS** onto your iPhone or iPad on the [App Store](#).

Once you have downloaded the app, you can sign in with your new user account. If there are already VPN connections available for your team, you will see them appear in the **My Connections** view:

Recovery key

If this is your first time logging in, you will be given a recovery key to help preserve your account. Be sure to copy this and store it in a safe place:

Important: Please Copy your Recovery Key

Please store a copy in a safe place. You will need it to unlock your VPN connections if you ever forget your password. If you lose it, they could be lost.

Getting Started with VPN Tracker

Now that you're all set up with an account and have downloaded VPN Tracker, it won't be long before you're connected.

What's next?

If they have not done so already, your Team Admin will assign you a VPN Tracker plan and give you all the information you need to start up your VPN connection and get connected to your company network.
